2013 New Products from Del-Ton Incorporated

(Elizabethtown, NC) September 25, 2012. Del-Ton is pleased to announce the introduction of an exciting new rifle designed for the sport shooter and enhancements to two flagship models of its rifle line.

The **DTI Evolution** is an excellent choice for any sporting application including 3-gun competition. "We have included many quality features but were able to keep the weight down," said Tony Autry, CEO of Del-Ton Incorporated. The DTI Evolution will begin shipping in first quarter, 2013. Key features include:

- 16" CMV chrome-lined, mid-length lightweight barrel and gas system; 1X9 twist
- HPT/MPI tested Carpenter 158 bolt
- Samson Evolution 12.37" free float rail
- M4 feed ramps
- Samson Quick Flip Dual Aperture rear sight; Samson folding front sight
- Two-stage, Mil-Spec trigger; Magpul MOE+ grip
- Magpul CTR Mil-Spec buttstock; Mil-Spec buffer tube; H-buffer
- Weight: 6.5 lbs
- MSRP: \$1300

The **DT Sport OR** is now on the shelves. This sporty, lightweight rifle is a great value and offers many features available on more expensive rifles. Key features:

- 16" barrel; 4140 steel; 1X9 twist
- Phosphated under low pro gas block; lightweight profile
- Tested Carpenter 158 bolt
- A3 Flat top with white "T" marks
- Lower receiver is Mil-Spec forged 7075 T6 aluminum; hard coat anodized
- M4, 6-position buttstock
- Weight: 5.6 lbs
- MSRP: \$699

The **Echo 316H OR** is a solid, mid-priced A3 heavy barreled carbine that will offer years of service and reliability. Key features:

- 16" chrome moly vanadium barrel; 1X9 twist
- Phosphated under single rail gas block; heavy profile; M4 feed ramps
- HPT/MPI tested Carpenter 158 bolt
- M4 feed ramps
- A3 flat top with white "T" marks
- Lower receiver is hard coat anodized, Mil-Spec, forged 7075 T6 aluminum
- M4 6-position buttstock; Mil-Spec buffer tube; H-Buffer
- Weight: 6.4 lbs
- MSRP: \$864
